Global Connections

Graphic Designers worldwide can now stay informed of global design issues by visiting the International Council of Graphic Design Associations (Icograda) website which Circle's Robert L. Peters authored and orchestrated this spring in concert with Intrinsix Canada Inc. The website launched on World Graphics Day (April 27) with a special kick-off ceremony in Istanbul, Turkey. It is fast, informative, and easy to navigate, and is already registering over 4000 hits per day. Visit www.icograda.com 

Globe-Trotting for a Cause

Since his appointment as President Elect of Icograda in Australia last October, Rob has attended quarterly board meetings in Oxford, Milano, and Tel Aviv. While each sortie is focused on moving the world body for Graphic Design forward in a systematic fashion, the most memorable highlights often include meeting with local designers, participation in symposia, and of course sightseeing in various corners of the globe. Trips on the horizon will take Rob to South Africa, Japan, Korea, and Amsterdam. 

Making a Mark

Circle is proud to report that our award-winning design for Canada Post's RCMP Philatelic Collectible has also been recognized with a Certificate of Excellence in the Design Show of the American Institute of the Graphic Arts/Minnesota (AIGA/MN).
★ An article on Rob was also featured in the April 2000 issue of *AIGA/MN Issues*, touching on career highlights, volunteerism and contributions to the design community in Canada. ★★

Moving On Up!

Leah Cole, Circle's Administrator, has been elected as Vice-President, Membership for the Manitoba Chapter of the Society of Graphic Designers of Canada (GDC). Leah provides prospective members with information, maintains the membership database, and liaises with the GDC National Secretariat, among many other administrative tasks. Her hard work and attention to detail is apparent not only to Circle but to the whole design community. **Way to go Leah!** ✓

Reflect & Get Inspired

Over the past year, Circle's Sue McWatt co-coordinated a GDC publishing initiative entitled *INFORM*. Through *INFORM*, graphic design students were asked to share their thoughts and interpretations on five design disciplines – architecture, interior design, industrial design, fashion design, and landscape design. The written and graphic expressions were then compiled to form a book. Students witnessed the design process from conception to production, gained knowledge, and received printed samples for their portfolios (thanks to the generous support of local suppliers). To obtain a copy of the book or for more information about *INFORM* and its participants, please contact Sue at Circle. 📖

Words of Wisdom and Wit Kathy Kalinowsky, a lawyer with Fillmore Riley in Winnipeg, is the winner of our "Quotables" contest this quarter. Thanks to all who entered. Keep the submissions coming!
